Portfolio: https://github.com/stars/alexisxz/lists/portfolio

Address: Adolf-Bieringer-Str 41, 76646 Bruchsal

About me: I am self-motivated to work as a team to increase my multicultural experiences and improve my German language. +8 years experiences with companies as Bosch and Benteler Automotive on areas of logistic, purchasing, quality, marketing, business and sales with OE, OES and IAM products such as: Engines, breaks, gasoline systems, diesel system, packages and chassis. I have an interesting background in management and administration, but over the years, I have fallen in love with programming, especially python with RPA and web development. I am currently looking for an opportunity to integrate into the market to collaborate and continue improving my programming skills even more.
